

Classroom News

Class Name: Colchester

Term: Spring 1 2020

Topic: My Wonderful Self

What we have been learning this term:

So what have we been up to?

English: In English we have been creating our own 'Body Fact Book'. We researched the information on the internet and from books and then wrote some facts in our own words. We are moving on to recipes next...

Maths: Money, Time and Fractions this term. We ordered money, calculated change and even converted from pence to pounds. We estimated how long an activity would take and used ordinal numbers for the days of the week and months of the year. Then to finish the term we found $\frac{1}{2}$ and $\frac{1}{2}$ of shapes and amounts.

History: Wow, have we loved **HISTORY**. We have been learning all about The Tudors, finding out about what they wore, what they ate and their medicines too. The boys have been fascinated and certainly had lots to say!

Life Lessons: We have been talking all about emotions this term and both good and not-so-good feelings and how these make us feel.

Science: In science we have been learning all about our bodies and in particular the 5 senses. We used our senses for different activities and thought what it would be like if we did not have sight or hearing for example.

Our Star Moments!

Alex G: It has been wonderful to see you being far more independent in your work and watching you play outside with all your friends too.

Ethan: You continue to shine in so many ways and are now a have-a-go writer. We love that!

Bobbi: Teddy and you have been getting up to lots of adventures and teddy is so much better at morning exercise now!

Alex K: Your spelling has improved so much and we have all noticed your have-a-go attitude flourish.

Harvey: You have been so helpful, doing odd-jobs around the class and we love the tricks you play in reading

Joe: We never knew someone could know so much about HISTORY, you teach us something new each week.

Connor: You are now telling us what you want to write in full sentences, amazing!

Luke: You have been amazing in maths, both with money and in time. Seeing you so excited is wonderful too!

Kurt: What a change, first thing in the morning, you are now so speedy, always up for a challenge too!

Dante: Yet another historian, with so many facts to share, including telling us about Tudor Monks and their religions.

Hayden: Seeing you work so hard has made us all so happy and how you now work independently is fabulous too!

Some photos of us!

Here are some photographs of us, with our amazing body books!
