Class Name: Balmoral Term: Summer 2 2021 Topic: Mini-beasts and Mighty beasts

What we have been learning this term:

Wow where has the year gone? We have had so many adventures; here is just a taste of what we have been up to this term.

English: This term in English, we have been looking at books such as the very greedy python and rewriting our own silly stories. Choosing a character of our own and deciding what crazy things objects, they were going to consume.

The children loved making Silly soup when rhyming and creating their own mighty beast fact files, Pythons and Sharks were their favourite.

Maths: Number and more number this term. We have been learning about doubles, halves, one more, one less, temperature measurements and counting in multiples of 2's, 5's and 10's.

Social Responsibility: We have been thinking about our local environment and how it is our responsibility to look after it. We had a look at the effects of plastics within our seas and the sun's ultra violet rays on our skin and have come up with lots of ways to stay safe in the sun.

Science: We have been thinking all about life cycles in science, to include the life cycle of a butterfly, a bee, a frog and a ladybird.

The Woods: I think this has to be the favourite moment of the week for most of us. We have had so much fun in the woods and enjoyed circle time games, mud kitchen play, playing hide and seek and using identification sheets to explore the trees, plants and animal footprints.

Our Star Moments!

So time for our last golden star moments for this year.

Charlie: Your reading has improved massively! You should be sooooo proud of yourself!

Dylan F: You took turns beautifully during sports day and enjoyed cheering your friends on.

Ashrith: Your confidence has just flourished and it has been a pleasure to see you using your voice more.

Dylan M: Your sense of humour has been fabulous, you have helped us laugh and enjoy every day just that little bit more keep on smiling!

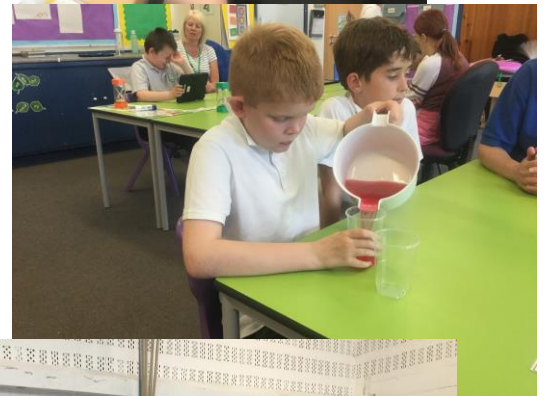

Shaun: You have really grown up this year and have taken control of your emotions. You have made us all proud and it's been a joy to see you getting along with your peers.

Spencer: You have also doubled your reading score over the course of the year, woohoo and it's great to see you taking greater interest in people by giving thoughtful responses during circle time.

Well done to everyone though for managing to continue to learn even throughout some of the hottest days of the year. Balmoral Team have loved seeing you all mature and grow in different ways and we could not be prouder. We wish you all the best next year!

Some photos of us!

Dates & Points to remember:

Tuesday 20th July – Last day of summer term 2

Wednesday 1st and Thursday 2nd September –

Training days – Pupils not in school

Friday 3rd September – First day of autumn term 1

Friday 22nd October – Last day of autumn term 1

Monday 1st November – First day of autumn term 2
