

Classroom News

Class Name: Cardiff Term : Autumn 1 2021

What we have been learning:

Cardiff Class have had a busy start to the year. Everyone has settled well into our new room and with a new class team.

There have been lots of magic moment; Chester has loved our bucket sessions and watching him getting so excited and communicating with the staff next to him has been wonderful.

James L has really enjoyed 'pass the bag' he loves watching all the videos linked to the objects in the bag.

Lily has been amazing. She has settled into life at The Castle School. She has really enjoyed music with Charles. She has loved strumming the strings on the guitar and feeling the beats on the resonance board. Jessica has taught us some fabulous songs especially one for washing our hands. She has a brilliant sense of humour and enjoys making staff laugh.

Eric has really enjoyed our sensory session. He particularly enjoyed exploring shaving foam in Let's Connect.

Sonny has been working really hard on communicating with his PECs book. He has even moved on to using the sentence strip. James D has been working hard on his Maths skills. He independently found some number cards and put them in the right order from 1 to 10.

Tom has enjoyed music sessions with Charles. He loved exploring the guitar.

Sienna has settled really well into life in Cardiff Class. She loves our sensory sessions especially with the sand and water.

Dates to remember-
Individual school photos- 2nd November
