We did some reading using Bug Club in class today.

Bug Club

Bug Club is great for working on word reading and fluency, comprehension, responding to text and much more.

You can choose from a wide range of books - of different genres and for different ability levels.

ActiveLearn

Welcome to the future of reading!

Please find a laminated card with your child's log-on details in the wallet.
Please give it ago and have fun!

please dont stress about it. Rose.

We are continuing to talk about healthy eating and what needs to be included in our diet.

HEALTHY EATING PLATE

Use healthy oils (like olive and canola oil) for cooking, on salad, and at the table. Limit butter. Avoid trans fat.

The more veges - and the greater the variety - the better. Potatoes and French fries don't count.

Eat plenty of fruits of all colors.

STAY ACTIVE!

Drink water, tea, or coffee (with little or no sugar). Limit milk/ dairy (1-2 servings/day) and limit 1/2 small sugary drinks. Avoid sugary drinks.

Get a variety of whole grains. (Use whole-wheat bread, whole-grain pasta, and brown rice). Limit refined grains (like white bread, and white rice).

Choose fish, poultry, beans, and nuts. Limit red meat and (especially) avoid bacon, cold cuts, and other processed meats.

Please, practice making healthy choices while doing your weekly shop and when going or preparing a packed lunch for (with) your child.

the eatwell plate

the eatwell plate shows what you should eat every day. It has four main sections: Fresh & vegetables, Protein, Dairy & dairy alternatives, and Starchy carbohydrates. Each section has a list of examples and a note about how much to eat.
