

# Classroom News

Class Name: Swansea

Term: Spring 2

## What we have been learning this term:

We are so please to have our music and therapies back after a long break!

The children in Swansea Class have really missed music lessons with Charles, Music Therapy with Cathy and Rebound Therapy Fridays. So much so they have been excelling in them all!

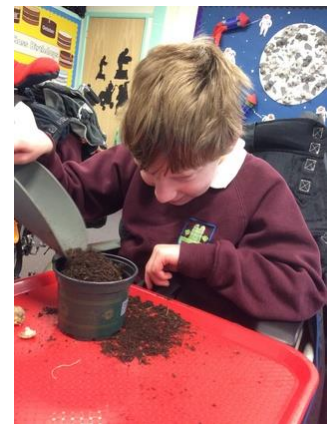

Whether it be using their hands to play instruments, communicating their preferences, making good choices, standing and stepping or showing an understanding of when to start and stop, they have amazed us all!

Upon returning they have also celebrated Mother's Day and St Patricks day which both involved lots of art and sensory play. We even read a new sensory story all about Mummy's magic handbag which produced items such as oranges in a net in case they got hungry, a torch in case of an emergency, a pac-a-mac in case of bad weather, a hand warmer to bring a little sunshine and a music box for a little calm. They especially loved the way the bag gave a little shoogle...and a shake...and a jump before it whooshed off across the room and out of sight and then landed back at mummy's feet. We all wished we had a magic bag like Mummy's.

They also made some lovely gifts by planting daffodil bulbs and making chocolate buttons with popping candy sprinkles.

Well Done Swansea Class, you have shown great resilience over these past few weeks where there has been lots of change. Roll on 'normality' next term!

## Some photos of us!

## Dates & Points to remember:

Term begins: 19<sup>th</sup> April 2021
