

Classroom News

Class Name: Dover Term: Spring 2

Topic: Spring and New Beginnings

What we have been learning this term:

Dover Class returned to school with a wonderful positive attitude and were all eager to continue their learning. We have spent lots of time catching up and sharing our news from home learning.

In cooking we have focused our recipes around Easter and successfully made our very own hot cross buns! We especially enjoyed the mini egg blondies we made – these were very tasty!

Dover Class enjoyed playing a game of 'Simon Says' within English – focusing on the verbs we are using they were then able to write their own sentences in the past, present and future tense! The students are increasing their use of tense within their speech and are beginning to identify irregular verbs.

In maths Dover have been investigating 2D shapes, the students are able to describe the properties of shapes to help them identify the name. We have also been using mirrors to find any lines of symmetry within our shapes and even had a go at completing the missing half of the shape using our knowledge of symmetry.

Dover have been putting on their competitive hats and are using their green fingers to hopefully grow some really tall sunflowers. We have been checking our sunflowers regularly and keeping a record of how well they are growing. We have enjoyed watching our sunflower seeds grow so much that we decided to turn our 'Spring and New Beginnings' display into a 3D version of our own sunflowers.

Thank you for a fantastic term Dover, we've loved having you all back ☺
