

# Classroom News

Class Name: Plympton

Term: Term 1 2022- 2023

## What we have been learning this term:

## Some photos of us!

An enthusiastic and energetic start back for the Plympton crew!

This term has seen the continuation of our life skills, community learning. Our cooking has included: following visual recipes to support our independence, safe cooking and managing risk with support, looking at portions/diet and cooking with what we grow. As part of the experience afternoon on Wednesdays, some of our students have been baking a range of delicious things including chocolate cookies, New York cheesecake with a raspberry coulis, and a cream tea commissioned by Megan and including homemade sausage rolls.

At Growing2Gether we are proud to share our amazing crop of carrots, huge courgette and cucumber which we have shared with everyone and even made a delicious soup ourselves.

For shopping we have focused on reading in the environment around us and comparing value in the shops.

For our onsite learners we have continued our working on communication through all different learning opportunities. Play, cooking, drama, art are some of the amazing sessions we have done some really amazing work this half term.

Our wellbeing, focused discussion sessions and sharing sessions have been a fantastic way on Thursdays to share and listen as a class. This has been a wonderful and important time for Plympton each week to reflect and share about us with each other which has been a wonderful moment for communication.

The Plympton Team
