Class Name: Cardiff Term : Autumn 1 2022

## What we have been learning:

Cardiff Class have had a busy start to the year. Everyone has settled well into our new room and with a new class team.

We have been working hard on communication. Sienna and Freya have both been amazing using their PECs books to ask for things. Thomas has been using his Eye Gaze to tell us how he's feeling, he told us he was tired and bored! Lexie has been using switches to request 'more' and 'finished', telling us when she wanted the fibre optic lights on.

In Adventure Time, we have had lots of different activities available. Hafsha has worked hard completing jigsaw puzzles and naming all the animals on them. Leo and Freya have enjoyed exploring the playdough. Leo has been rolling it and Freya made a Peppa Pig.

We have been having rebound sessions on the trampoline, with Becca (Pembroke Class Teacher).

We have visited Blasie's sensory room and enjoyed exploring the OmniVista and light-up ball pit.

We have explored fruit in our cooking and food play sessions. We have also been practising spreading butter and different fillings on bread to make sandwiches. We have explored cornflour and shaving foam in our messy play sessions.

Well done everyone in Cardiff for a fabulous term!
