Class Name: Carisbrooke Term: Autumn 1

Topic: Location, Location, Location

What we have been learning this term:

We have had an amazing start to the year. It has been an absolute delight to see how friendships have been rekindled and new ones forged.

English: We have been reading the book 'House Held by Trees' and have become Estate Agents and News Reporters. We have also learnt more about common nouns and proper nouns, verbs, adverbs and tense, using these in our writing.

Maths: It has been all about number this term, reading, writing, ordering and comparing numbers, partitioning and more. We have also learnt all about commutativity, which has been our maths word of the term!

History: We have been fascinated to learn about how houses have changed, from mediaeval until the present day, with a focus on the Victorian era, when things truly began to change with the introduction of electricity.

Geography: This term we have been learning about different groups of people across the world to include the Maasi, Inuits, Yanomamis and Nomads.

Life Lessons: It has been all about understanding ourselves and to be proud of who we are and what makes us, us.

Design Technology: Over the last six weeks, we have learnt about windmills and the materials used to build them. We then designed and built our own.

Out in the Community: Every Thursday we have taken a trip out in the community, enjoying the local places on offer, with still much more to see!
