Totnes Class

Term: Autumn 1 2022

Topic: Location, location, location

What we have been learning this term:

Photos of our learning:

We cannot believe we are reaching the end of the first term already! We are incredibly impressed with how our students have transitioned into the new Totnes Class.

We had a great time exploring habitats this term. We made the trip to Thatcham Lakes to study the wildlife around us, stopping to take pictures, enjoy a spot of birding and discuss the signs of wild animals in the area. Back on site we gathered materials from the surrounding area to create our own artistic representations of nature.

We have been developing our independent culinary skills too! Not only creating some fun new dishes but learning to make our shopping list and head out to get ingredients from the local shops. Everyone has got involved in our shopping trips and enjoyed making some tasty food!

In Design & Technology we have been learning about windmills and in these pictures you can see us practicing our construction, seeing the benefits of using triangles to make a sturdy base.

"What a pleasure it has been getting to know everyone. The students in Totnes are supportive, kind, funny and hard-working. They are already becoming a great team. I know we are going to enjoy the challenges ahead together." – Tim, Totnes Class Teacher

Key Dates

Final day of Term One - Friday 21st October

Half Term - Saturday 22nd October to Sunday 30th October

Term Two - Monday 31st October to Friday 16th December
