

Classroom News

Class Name: Totnes Term: Autumn Term 1

2024-2025

What we have been doing this term:

A busy fun – filled first term in Totnes!

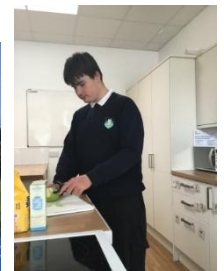

The students have settled in beautifully and have established good routines in their new class. We have thoroughly enjoyed our Thursday afternoons, where we have had World of Work sessions with Karen and then dodgeball with Kieron in the hall. The world of work sessions helped develop the students interview skills and we were so proud when they interviewed various roles around the school and they all got their chosen role!

As well as this, we have had plenty of trips to the park and Thatcham Lakes to help build and develop relationships outside of a classroom.

A couple of weeks ago, we attended a Careers Fair at Newbury College. The class did fantastic with listening to different talks and initiating conversation with other employers. They were very mature and showed a willingness to engage with various organisations.

In Cooking, the class continue to develop their chopping, grating and mixing skills. We have baked both sweet and savoury goods.

Some photos of us!

Dates & Points to remember:

Last day of term: 25th October 2024

First day back: 4th November 2024
