

Classroom News

Class Name: Thornbury

Term: Autumn 1 2025

What's been going on?

Thornbury have had a fantastic start to the academic year in this first term!

In Maths we have been focusing on the order of operations including unequal and equal priority, squares and square roots.

Students have enjoyed participating in a variety of science experiments which have been concentrated on exploring the world around of us.

The DT workshop has been very busy with Thornbury students designing their own prints for t-shirts, designing their own logos and using their creativity in cardboard modelling.

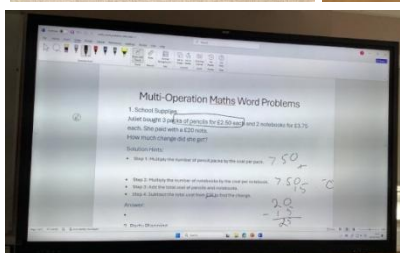

In English, students have been practicing their handwriting skills and analysis of texts.

Students have fully emersed themselves in a range of offsite activities, including: Sailing, Geocaching, Fishing, Parkour, Smelly Wellies, Orienteering and Gym visits.

We hope you have a restful break! 😊
