Class Name: Pendennis Term : Autumn 2 2022 Theme: Pole to Pole

What we have been learning:

Some photos of our learning

Hello all,

We have had another busy term with all the excitement of Christmas to end with. As always our focus has been on developing our communication and independence skills as well as our maths and English. We have continued to read a different book each week which our English work is then based on. In maths we have continued working on our number skills.

This term in Science, we have been learning about habitats, food chains and life cycles, we have enjoyed making habitats for animals and exploring science in a sensory way.

In cooking we have been developing our independence skills by following visuals and building on our skills each week.

PSHE has been focused on the NSPCC PANTS underwear rule. Here is the link if you want to find out more [Talk PANTS & Join Pantosaurus - The Underwear Rule | NSPCC](#)

We have been working on our gross motor skills during PE lessons where we have been gradually building up a circuit of activities. Using the ropes has been a firm favourite.

In Art and RE we have been immersing ourselves in the Nativity story and creating props for our Christmas performance, in which everyone did really well.

We have enjoyed trips to the cinema and the panto and loved having a visit by 'Socks' Jon's dog.

We are all incredibly proud of how everyone has done this term.

Have a lovely Christmas break,

The Pendennis Team.

Dates to remember

Last day of term is Friday 16th December 2022

School starts back on Wednesday 4th January 2023
