Class Name: Tiverton

Term 2: 2025-2026

Topic: Heros and Villains

What we have been doing this term:

Some photos of us!

What a brilliant term Tiverton have had!

In **maths**, we have been exploring the topic of number, focusing on doubling and halving as well as multiplication and division problems. We have developed our understanding of these topics by using a range of concrete objects and pictorial representations. In **English**, we designed our own hero and villain characters and brought them to life by creating our very own comic strips.

In **science**, we have been exploring acids and alkalis. We identified everyday substances that are acidic or alkaline and even sampled taste-safe acids such as Coca-Cola, lemon juice, and vinegar to create our own sour scale. We also tested a range of substances using a red-cabbage indicator.

In **World of Work (WoW)**, we have been learning about goal setting. We explored the four main types of goals – financial, academic, health and personal, and have set our own goals for each category.

In **history**, we have explored some of the most significant conflicts in modern history, including World War I, World War II, and the Cold War. We have learned about the roles that animals played in wars, the sacrifices made by soldiers and how Christmas was celebrated during these times.

This term in **PSHE**, we have explored a range of topics including personal hygiene routines, online safety, and both physical and mental health.

We have also enjoyed a number of **trips** out this term including an outdoor day at Newbury Showground, a visit to the Greenham Control Tower and a games session at Rocket Propelled Games.

Have a great Christmas everyone 😊

Dates & Points to remember:

Last day of term: Thursday 18th December 2025

First day back: Tuesday 6th January 2026
