

Classroom News

Class Name: Pembroke

Term: Term 3 2022-2023

Topic: Transport

What we have been learning this term:

Our topic this term has been transport. We've had lots of fun with this topic.

In English, our story has been 'The Journey Home from Grandpa's'. We have been focusing on our reading skills in English this term, whether that was identifying the initial sound of different modes of transport, feeling and identifying different textures, reading whole words/ sentences and then showing understanding of what we have read.

In maths, we have been focusing on our counting and/or addition skills this term. We have used giant numicon, unifix and balls to support our understanding of number.

In cooking this term we have been making sandwiches and toast, using a choice board to support our independence when cooking.

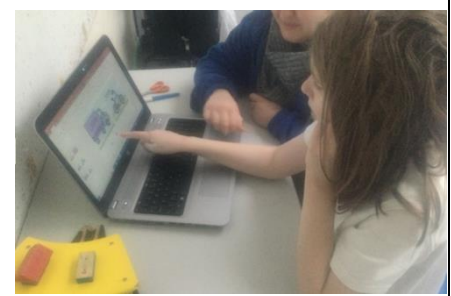

During topic, we have explored lots of different transport themed sessions, including identifying the sound of different modes of transport. We also explored what items from the classroom float or sink, in relation to boats.

In Let's Connect, we have been making lots of different choices. The favourite choice of the term was probably to 'pump' the balloon (hot air balloon) and watch it whizz around the classroom! (It definitely got lots of giggles!)

We've continued to enjoy rebound this half term, and have been building on our skills, going from strength to strength.

We hope you all have a lovely half term 😊

Some photos of us!

Dates & Points to remember:

Last day of term: Friday 10th Feb

First day back: Monday 20th Feb
