Plympton Class

Term: 3, 2023

What we have been learning this term

This term in Plympton we have enjoyed cooking a variety of different pasta dishes to take home or use for lunches. Our team have continued practising their skills as well as looking at different takes on recipes, including the use of Quorn replacements. Plympton have created some fantastic meals to add to the repertoire.

Work experience has continued for some students in Plympton who have continued to show great responsibility and engagement in the local community.

In functional skills our class now come to the end of their price comparison challenge where we put our functional maths and reading skills to the test to find the best value and use reading in the environment to make their trip as independent as possible. Our weekly trips to different shops have also given us a great opportunity to practise road crossing and road safety.

We have seen wonderful engagement in our 'Rockin' Round The World' geography session, exploring our weekly suitcase of different items that give us a flavour of our chosen countries and their culture. A wonderful session together with great laughter!

We look forward to welcoming everyone back in the next term,

Plympton Class Team

Photos of our learning

Plympton's wow moments

Louise has shown some fantastic responsibility in her hair care and also life skills jobs around Post 16.

Cameron Has been fantastic transitioning and enjoying session's offsite to visit different transport links (Especially the train stations!).

Oliver has put his IT skills to use, using different supermarket websites to compare prices and value!

Aiden has been a wonderful role model to other students in choir, encouraging and modelling the songs.
