

# Classroom News

Class Name: Skipton

Term: Spring 2

Topic: Journeys

## What we have been learning this term:

It has been another busy term for us in Skipton Class and we are looking forward to the warmer weather that Spring and Summer will bring!

In English we have been exploring the story of 'The Snail and the Whale'. Firstly, we made predictions before listening to the story, answering comprehension questions, sequencing events from the story, summarising the story and most recently have been developing descriptive language around the settings used.

In Maths we have been focusing on measurement, using comparative language to compare items in length and height. We have also begun to measure objects using cubes (and other objects!), remembering to line up objects and accurately count them before comparing to other objects.

In our cooking sessions we have used the theme of journeys to explore the world, focusing on food from different countries and using ingredients from around the world. We hope you have enjoyed all the different things we have made!

In PE we have been working towards our badminton and football skills. Everyone is working super hard at improving their skills and we have enjoyed playing matches against each other more competitively. We have also continued to work on our core strength and individual goals in Rebound Therapy with everyone making improvements!

We hope you all have a lovely Easter Holiday!

- Kate and The Skipton Team
