

# Classroom News

Class Name: Flint

Term : Term 4 2023-2024

## What we have been doing

This term, we have been working very hard in Maths. As students are working at different levels, they have been choosing topics they wish to improve (including column addition, long division, working out the perimeter of a rectangle and ratios and percentages). Congratulations must go to Neah for her successful completion of the Entry Level 2 exam. In English, students have looked at estate agents' descriptions of houses and then worked on describing a castle in France using similar adjectives and language devices. They have also been preparing presentations on their chosen topics (ranging from Martin Luther King through to Reading FC).

Earlier this term we visited the National Motor Museum at Beaulieu. We enjoyed riding on the monorail and marvelling at the famous cars from top gear, and the huge collection of vintage cars.

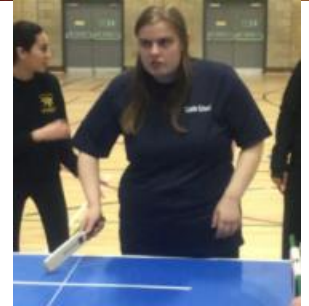

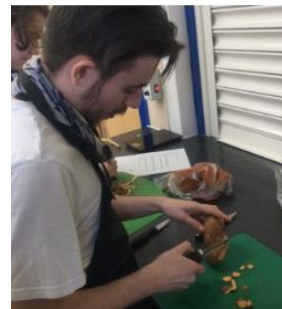

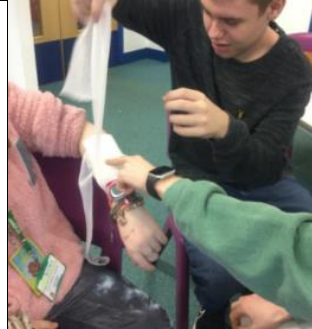

Post-16 took a team of table cricketers to compete against local schools in a tournament. We came 5<sup>th</sup> out of seven teams and our very own Olivia won player of the day!

We welcomed two paramedic students, Lewis and Trinity, who worked with us for a week. They delivered an interesting First Aid presentation to our students.

We have been visiting the Growing 2gether project in Headley on Monday afternoons. We have planted tomatoes, green beans, onions and potatoes and students shall be returning there every fortnight as they alternate their WOW sessions.

The WOW team have been working their magic and there are currently a few new placements in the pipeline. Watch this space!
