Class Name: Cardiff Term : Term 4 2023-2024

What we have been learning:

This term our topic has been 'Puddles and rainbows'. Our story for this term has been 'Maisie's Wonderful Weather'. We have explored different types of weather and different clothes that we might wear for different weather.

For World Book Day we visited Chillingham Class and shared our sensory story. It was lovely to visit a different part of the school and meet some new pupils and staff.

In cooking we have been exploring different fruits and then using the fruits to make smoothies. We used a special piece of equipment where we could plug the hand blender into it and then the pupils use a switch to turn the blender on and off by pressing the switch.

In Maths we have been exploring different shapes, different sizes and different colours. We have explored shape sorters and explored how to get shapes in and out of the cube, through elastic.

We have also been enjoying the rather wet weather and making the most of all the puddles!

Dates to remember-

End of Term- Thursday 28th March

Summer Term Starts- Monday 15th April
