

# Classroom News

Class Name: Cardiff Term : Summer 1 2022

## What we have been learning:

This term our topic has been 'What's on your plate?' Our story has been 'The Very Hungry Caterpillar'. We have explored the sensory story and linked our English learning to the story too. In cooking we have explored lots of different fruit and even made fruit kebabs. We have planted seeds for broad bean and sunflowers. In Maths we have begun to explore collections of objects including coins. We have sorted coins and some of us have learnt to recognise individual coins and even hand over coins in a play snack shop.

We have had lots of new experiences this term including Rebound, on the trampoline and visiting our woodland area with Tiverton Class. It was wonderful to see everyone interacting with the older students from Tiverton. The mud kitchen was a huge hit too! Everyone has worked hard on the trampoline and listening to instructions about when to bounce and stop.

### **Magic moments-**

Jessica has been a star at choir and has enjoyed joining in with all the songs. Tom made Charles's term by giving him some amazing interaction and eye contact in music. James D has been exploring fruit and really enjoyed eating the watermelon.

Josh has been holding and sniffing fruit. Eric absolutely loved the mud kitchen in the woods. He made some brilliant mud pies. Sonny enjoyed interacting with the older pupils from Tiverton including getting them to help him up the bank.

Dates to remember-

Term ends- Friday 27<sup>th</sup> May

Term begins – Monday 6<sup>th</sup> June
