Class Name: Balmoral Class

Term: Summer 1

Topic: Volcanos and Earthquakes

What we have been learning this term:

We have had a wonderful term in Balmoral class and have all worked incredibly hard!

This half term we have loved learning about volcanoes. We began to study this topic by learning what a volcano is through reading different texts, exploring sensory stories and completing some hands on learning.

We then moved on to learning about volcanic eruptions, we had lots of fun exploring this in a sensory way! We explored what a volcanic eruption smells, feels, sounds and looks like. We also focused on describing these eruptions in our writing, we learnt lots of wonderful and new vocabulary!

In maths, we have explored 2D shapes. We have worked on identifying & naming different shapes and their properties, learning lots about sides and vertices!

In PE we have been working hard in preparation for this year's sports day. We have had great luck with the weather, so have had opportunities to explore sport and exercise outdoors in the sunshine.

We have continued to enjoy adventure time with Skipton class and have had fun diving into a range of themed activities learning about: Eid, Summer, Space Day, the Eurovision Song Contest and Volcanos.

Overall we have had lots, and lots of fun and have all worked extremely hard. Have a wonderful half term,

The Balmoral Class Team.

Some photos of us!

Dates & Points to remember:

- **Monday 6th June – First Day of Term**
- **Friday 17th June – School Photographs**
- **Thursday 23rd June – Sports Day**
- **Friday 15th July – Last Day of Term**
