Class Name: Farnham

Term: Summer 1

Topic: Stone Age

What we have been learning this term:

Some photos of us!

Farnham class have had a very active term, even though it has been a short term the whole class have been busy enjoying the outdoors and have earned a well-deserved break.

In maths we have been looking at money, by using real coins the students were able to purchase tokens to use around the school and buy games to play with their friends. We have been looking at the value of coins and the different variations you can use to make the same amount of money.

We have enjoyed 2 whole days out at Youlbury and are thoroughly looking forward to 1 more day there next term. Students have had the opportunity to participate in archery, abseiling and crate stacking. The students were able to share their proud moments and discuss the importance of team work.

We had a production company come in and perform a version of Treasure Island and the students wrote reviews after. Students have also been writing reviews on the foods they have cooked in class, discussing the process, ingredients used and their opinion on the whole dish.

It's been great being able to go out on trips and have visitors back in school, we have even started lunch clubs again – encouraging students to socialise with their peers from around the whole school and participate in new activities.

Have a lovely half term break,
Farnham Team

Dates & Points to remember:

- Monday 6th June – First Day of Term 6
- Thursday 9th June – Youlbury trip
- Friday 17th June – School Photographs
- Thursday 23rd June – Sports Day
- Friday 15th July – Last Day of Term 6
