Plympton Class

Term: 5, 2023

What we have been learning this term

Although the weather hasn't been on our side this spring, Plympton has not let this get in the way of yet another busy term!

Train station visits, library, cafés, work placements and shops are a few of the trips that have continued to take place this term as part of our learning in the community.

We have continued to cook each week focusing on simple nutritional recipes as well as foods for our coronation celebration.

Our class has worked well this term at sowing, nurturing and caring for our seedlings and young plants we look forward to selling at future plant sales, as part of our enterprise.

Some of class have started transition visits to college this term which has been a great and exciting opportunity to explore and get ready for life beyond The Castle School.

Have a good half term,

Plympton Class

Photos of our learning

Plympton's wow moments

Louise has started to see the fruits of her labour, by overseeing the seedlings and young plants ready for our young plant sale later this term.

Cameron has been getting to grips with his amazing new communication aid, really getting stuck in and navigating through his new vocabulary.

Oliver has received wonderful feedback from his work experience placement. Representing his school exceptionally well in our local community

Aiden has received some amazing results in his Entry Level results. A real testament to his hard work and efforts this year.
