Class Name: Wallingford

Term: Term 5 2022-2023

Topic: Planning an event

What we have been learning this term:

Wow – what a short half term this has been! But one in which we have crammed lots of things. We started the term with a visit to see the Bluebells at Bowdown Woods. It was a long walk (!) but a lovely place to explore. In English, most of us have been looking at planning a holiday. We have looked at famous landmarks around the world and researched countries that we would like to visit. We learnt to pack our suitcases and how to fill in our passport with the correct information. We even sent a postcard from our dream holiday.

In Maths, we have been doing lots of practical measuring around post 16. We have been using a range of measuring equipment to measure the length and height of objects and have been looking at weighing items using a pan balance and scales.

In art we have been learning how to weave and are creating a wonderful portrait of King Charles.

In cooking we have been focusing on independent cooking skills. We have made spicy tomato pasta and beans and scrambled eggs on toast.

In PE some of us have continued to improve our basketball skills, while some of us have been enjoying visiting the gym.

Marcos started a new Work Experience placement at Sandham Memorial Chapel, joining in with the gardening volunteers there – well done Marcos!

In life lessons we have been learning all about anti-bullying with Kieron.

In topic we have been looking at the life of King Charles and his coronation. We watched a clip of the Queen's coronation and learnt about the special items that the monarch is given. We watched a clip of the Royal Family on the balcony of Buckingham Palace and learnt about the people who make up King Charles' family. We then made his family tree. Lastly we made a congratulations card for the King and posted it to Buckingham Palace.

Have a lovely half term holiday!

Karen, Sandra, Jessie and Julie
