

# Classroom News

Class Name: Tiverton

Term: Term 5

Topic: Hobbies and Leisure

## What we have been doing this term:

In **maths** this term Tiverton have been learning how to tell the time. We have been looking at both analogue and digital clocks, learning to tell the time to o'clock, half past, quarter past and quarter to the hour. In **English** we have been applying taught literacy skills to write some descriptive writing pieces.

In **World of Work (WoW)** we have been talking about our skills. We have discussed the skills we have and those that we would like to develop. Our WoW sessions have been wonderful, we have really enjoyed celebrating everybody's skills and successes.

In **geography** we have been learning about places near and far. We learned about our local area, parts of the United Kingdom and also had a look at continents. Pupils completed a mini project on a place they hadn't heard of and made some amazing fact files.

In **PE** this term we have completed a unit on athletics. We have developed our running; vortex throws and our long jump skills. Everyone showed great levels of participation and most importantly, we had fun!

In **PSHE** we have been learning about several important topics including drugs, alcohol, body image and mental health. Pupils have engaged well in these sessions and have handled the topics with high levels of maturity.

Our **steel pans** sessions have also been a big hit this term. We have enjoyed learning to play a new instrument and look forward to inviting you to our steel pans performance next term.

Have a wonderful half term everyone 😊
