Class Name: Windsor

Term: Summer Term 2 2022

Topic: Festivals

## What we have been learning this term:

We have been learning about measure this term in Maths. We compared the height of the pupils and teachers. (Some of us are taller than the teachers which we found very funny!) We also compared longer and shorter objects, and particularly enjoyed comparing dinosaur tails! We are able to compare heavy and light objects and have been practicing our measuring skills during cooking lessons. We made playdough in maths and had to read the recipe and measure really carefully, so that our playdough was just right. We were then able to compare different sized playdough shapes. We have continued to practice using money during our class snack shop and when buying our cooking ingredients at the supermarket.

In PSHE we have been learning how to cross the road safely, using toucan and zebra crossings. We know to look left and right, and are getting better at looking when we are actually crossing the road too. We have also been learning how to keep our money safe. We have been able to communicate with lots of people whilst out in the community this term. We cheered on our friends whilst bowling and were very pleased to be promoted to the VIP area! We asked zoo staff lots of questions at Marwell zoo, and enjoyed seeing the animals, however most of us agreed that we liked the lego dinosaurs best! We had lots of fun at crazy golf and counted our scores. We were very polite to the golf staff when we collected our clubs and balls. It has been wonderful to be back with the whole Castle School community this term. We loved our sunny jubilee picnic and took part in lots of activities with people from across the school. We made sausage rolls and biscuits to add to our picnic, as well as special jubilee hats and bunting. We enjoyed the activities, especially the water obstacle course, bubbles and the picture of the queens' head that we made out of natural materials. We were very proud of our achievements at the band stand and loved seeing so many of you there. We practiced singing and signing in the choir rehearsals and enjoyed performing in front of the whole school. We liked joining in with the other performances too, especially singing shotgun.

We have been spending time with Wallingford class from Post 16, at parks and at Post 16 site. We know year 11's will do really well there in September, and everyone else enjoyed being able to see their Post 16 friends again. We are now familiar with the building and lots of people there.

We hope you have a great summer holiday and we look forward to welcoming lots of Windsor students back in September (and seeing our year 11's very soon, both at main site and Post 16).

## Some photos of us!

## Dates & Points to remember:

End of term –Friday 15<sup>th</sup> July

First day of term – Monday 5<sup>th</sup> September
