

Classroom News

Class Name: Cardiff Term : Summer 1 2022

What we have been learning:

It has been a fabulous year in Cardiff, full of hard work and achievements from everyone. Josh, we have loved listening to you sing our morning songs and put the other children's name in the right place. It has made us smile. James L, we are so proud of how much your communication has developed. You are amazing are being able to tell us how you are feel.

Sienna, we are delighted with how you have begun to use your PECs book to ask for food and toys.

James D, we loved playing with you when you want us to play chasing games with you and asking for tickles.

Eric, we have loved watching you in your element, playing with sensory materials.

Jessica, we are so proud of how much you have achieved this year and listening to you commenting on what is happening has put a smile on everyone's face.

Tom, we are delighted with how you recognise how you feel and how much delight you get from water play.

Chester, we are so proud of how hard you are working to communicate. Liz is also grateful for all your help and hard work tidying up the equipment after sensory circuits every day.

Sonny, we have loved listening to you sing our weather song with all the actions throughout the day.

Lily, we are so proud of how you have been using your PECs book to ask for food and your drink.

We hope you have a wonderful summer holiday.

Dates to remember-

Term ends- Friday 15th July

Term begins – Monday 5th September
