

Classroom News

Class Name: Blaise

Term 6 2024-2025

Topic: Growing

What we have been doing this term:

This term, for our growing topic, we moved from plants to pollinators, namely bees and butterflies. The students have made a wonderful summer garden with Renee in art using paint over newspaper and, with me, they have explored using their hands to paint textured surfaces which were printed to create a class honeycomb.

In focus group they have been experiencing the lifecycle of a butterfly using lights and uv substances, as well as dancing like a wiggly caterpillar before transforming in to a butterfly in Movement to Music.

Our story 'Busy Spring – Nature wakes up' was a beautiful way to talk about the changes they may find when outside.

Which leads me nicely to talking about the highlight of our term – our walk to Newbury Band Stand to perform and watch some wonderful songs and music from the students of the Castle School. It was the first year that the students in Blaise have been able to get there and, although not the flattest of walks, was a wonderful morning. All the students were moving to the music, they played their instruments beautifully and seemed to cheer on their friends with vocals and instruments too.

For sports day, this year, we split off into pairs and merged with other, more able classes who helped us to practice our pushing, grasping, colour sorting and cheering! It was a hot but very enjoyable morning.

We are so excited to be keeping our team and students for next year and wish you all a wonderful summer.

Dates to Remember:

Last Day: Tuesday 22nd

Return to School: September 5th

Some photos of us!
