

Classroom News

Class Name: Tiverton

Term: Term 6

Topic: Hobbies and Leisure

What we have been doing this term:

In **maths** Tiverton have been working on position and direction. We have programmed BeeBots using language such as left, right, forwards and backwards. We have also explored half, quarter, three-quarter and full turns, and have applied this knowledge to shape and direction.

In **English** we have completed a unit of work on story writing; each student has planned and written their very own narrative on a genre of their choice.

In **World of Work (WoW)** we have been taking part in activities that aim to enhance the skills that we identified to be important in the workplace (e.g. teamwork, problem solving and communication)

In **history** we have been learning about the historical development of a range of leisure and hobby activities. We have looked at sport, music, film, video games, shopping and many more.

In **PE** this term we have been learning how to play cricket. Students have really enjoyed their lessons and have shown great sportsmanship throughout.

In **PSHE** we have been learning about several important topics including climate change, how to recognise fake news and the importance of developing life skills.

Tiverton class also put on a fantastic Steel Pans performance, took part in sports day, performed their very own song at the bandstand and visited the Base. I am so proud of each and every pupil for their participation in these events.

I have absolutely loved every second of this year. Tiverton have been a pleasure to teach, and I am thankful for all the memories 😊

Have a wonderful summer, everyone!

Some photos of us!

Dates & Points to remember:

Last day of term: Tuesday 22nd July 2025

First day back: Friday 5th September 2025
