

# Classroom News

Class Name: Portchester

Term: 6

2024-2025

Topic: Hobbies and Leisure

## What we have been doing this term:

This term has been all about the arts for our hobbies and leisure topic...

### Steel Pans

Jamar has been amazing this term at teaching us all how to play 'Sugar' on the steel pans. We practised lots and performed beautifully to a small group of parents.

### Bandstand

As always, the Bandstand event was amazing. An extra mention to Callum and Oliver who performed with the Lights Up Theatre group to send a powerful message about kindness to us all.

### The Base

Following on from our Wildlife Photography competition last term, we had the opportunity to view the winning photographs at an art exhibition. After viewing the amazing photography, we worked with a local artist to look closely at the natural patterns and recreate them using different mediums.

**A huge thank you to Anna, Charles and Renee for all our creative opportunities this term. 😊**

### Engineering Workshop

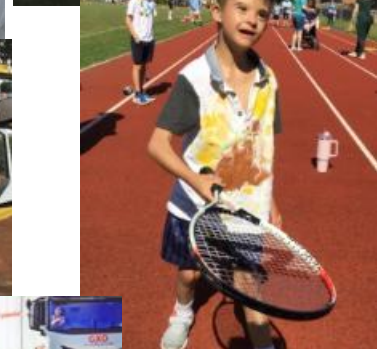

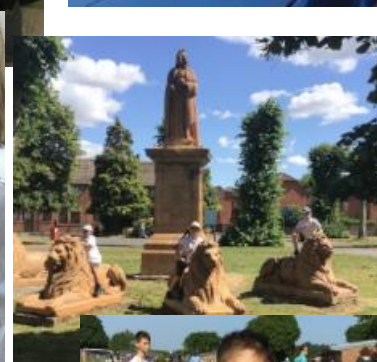

Portchester Class enjoyed building a tower to reach the ceiling in the hall. We learnt how to make a strong structure out of triangles and the importance of teamwork!

### Lorry Safety Visit

The Castle school had the opportunity to learn about how to keep themselves safe around large vehicles. As well as taking part in an interactive safety talk and quiz, students had the opportunity to sit in the cab. A fun morning for all! Thank you GXO.

As always thank you parents for your support, especially with returning countless permission slips this term!

## Some photos of us!

## Dates & Points to remember:

**End of term-** Tuesday 22<sup>nd</sup> July

**New term starts-** Friday 5<sup>th</sup> September
