Class Name: Totnes

Term 6 2025-2026

What we have been doing this term:

This final term has been a strange one with extreme heat, but we have had plenty of learning opportunities and fun!

Just after May half term, we went to Englefield Estate and had 5 different workshops to attend. We braved the rain and managed to stay pretty dry! The students listened to a talk around beekeeping and had the opportunity to look at a hive and try and spot the queen bee. After this, we were able to have a tour around Englefield House and looked at the vast rooms and hugely impressive chandelier – to which we all agreed we didn't have anything like that in our own homes!

In addition to this, we have had steel pan sessions every Wednesday morning and the class have been practising different combinations. They have been working towards learning part of a song and have been impressive with regards to their listening and perseverance!

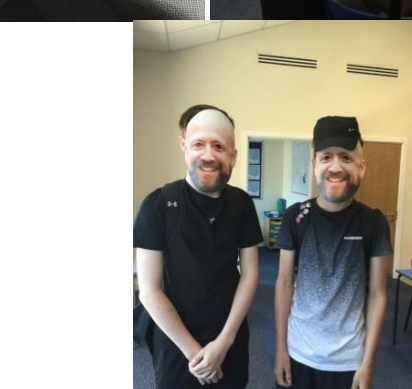

This past week, we were fortunate to be able to go on a trip to Paultons Park. Even though it was a very hot day, the class did brilliantly when walking around the park as a big group. Each and every student showed patience and tolerance with waiting for rides and others to come off of rides. There were quite a few students who were brave and went on their first ever big rollercoaster and some of us definitely conquered some fears!

Thank you to for a brilliant year together in Totnes Class. For those moving on, keep on working hard and being kind.

Have an excellent Summer!

Kieron and the Totnes Class Team

Some photos of us!

Dates & Points to remember:

Last day of term: Tuesday 21st July 2026

First day back: Friday 4th September 2026
