

# Classroom News

Class Name: Lincoln

Term 6 2025-2026

## What we have been doing this term:

As we come to the end of another wonderful school year, we are proud to celebrate all that our students have achieved.

In **English**, students have enjoyed writing their own stories, showing great creativity and confidence. In **Maths**, students continued their work on 3D shapes, focusing on the volume and surface area of prisms.

In **Science**, we explored Nutrition and the Human Body, learning about healthy eating and how our bodies stay healthy.

Our **Work, Rest and Play Project** helped students understand leisure and how people balance different aspects of life in modern society.

Students showed fantastic determination in **Cooking**, trying a variety of fruits, vegetables, textures and flavours. In **DT**, they demonstrated creativity and independence through their own personal projects.

We have continued to enjoy our visits to **Love Lane**, where students have engaged enthusiastically and positively every week. It has been wonderful to see their confidence continue to grow and their positive attitudes shine through during each visit.

A particular highlight was our trip to **Sparsholt College** as part of **World of Work**. Students explored the Zoo and Horticulture areas, participated enthusiastically in all activities and represented the school brilliantly. They showed excellent behaviour throughout the day and embraced every opportunity to learn about different career pathways.

We are incredibly proud of our students' achievements this year. They have shown resilience, determination and a willingness to try new experiences, both in and out of the classroom. Thank you for your continued support, and we wish all happy and restful summer break.

**Have a great half term!**

**The Lincoln Team**  
**Gabs, Denise, Kelly and Ciaran.**
