Term 6 2025-2026

Summer Term Highlights

Some photos of us!

What a fantastic way to end another busy school year! This term has been full of exciting trips, new experiences and wonderful memories. Here are some of our favourite moments...

Englefield Estate

Although the rain stayed with us for most of the day, it didn't stop us from having a wonderful time. We enjoyed exploring the beautiful house and learning about the fascinating historical objects inside. We were even invited to eat our lunch in the grand dining room to stay warm and dry. We also visited the church, where we learnt about the different parts of a church and discovered more about its history and purpose.

Newbury Library – Booktrust Project

One of our proudest moments this term was visiting Newbury Library to see our class display. It was fantastic to see all of our hard work on display for the local community to enjoy. The students loved finding their own work and sharing it with their friends and staff.

Fairytale Farm

Our end-of-year trip to Fairytale Farm was a brilliant day out. We explored the magical displays, visited all of the animals and enjoyed the themed music as we walked around the park. A definite favourite was the Alice in Wonderland snail ride, which had everyone smiling! We also loved searching for fossils in the dinosaur dig and spending time in the many adventure play areas throughout the farm.

Year 11 Prom

A very special highlight of the term was celebrating our Year 11's attending Prom. It was a wonderful evening filled with music, dancing and laughter as we celebrated the end of an important chapter together. It was especially lovely to spend time with friends from Post 16, making new memories and looking ahead to the exciting adventures that await next year.
