Class Name: Twizel

Term 6 2025-2026

## What we have been doing this term:

On the 15<sup>th</sup> of June Twizel went to Wetherspoons for lunch to have a last meal with Maryjane. When we got to the pub, we ordered our food and drinks. Some of us used our phones to order our food and drink. I had a beef madras with garlic naan and poppadom's. After I finished my food, I ordered myself the cookie dough ice cream for pudding. When our bellies were full (including mine) we walked back to Post-16. I thought the food was alright. Next time I will suggest Bills.

On the 11<sup>th</sup> of June Twizel class went on a trip to do Lazer tag and Crazy Golf. Lazer tag was so cool that I won the first round. Then in the next round everyone was going after me so then he doesn't come first again. When the final round was over Dante won. After that we had our lunch break. Then we played some Crazy Golf. Some of the holes were hard to get the ball in. We all had so much fun!

On 11<sup>th</sup> June Twizel Class went to Laser Quest & Crazy Golf. We played 2 games. We had a blue team and a red team. In both rounds I was in the blue team. I found the laser tag quite fun. After lunch we played mini golf, there were 12 holes. Each hole was different. One was styled like a pinball machine, that was very hard. We left at 2.00 pm.

Before Post 16 walked to the bandstand, we practiced a day before. The song was called "Amarillo". We were informed about this revelation near the end. So, we only had one chance to practice the whole song. Nevertheless, we lumbered our way to the bandstand on foot. When the bandstand started, Post 16 were first to play. Surprisingly we sang incredibly well. Even though we all had a script. When we were done, it was time for the other classes to have their chance on the bandstand. Every solo and team song after was indubitably solid. After the bandstand was finished, we walked back and had our lunch. It was an amazing experience to watch and play. I'll admit, I was a little nervous. Because we only practiced once.

Last week at the WOW event, I assisted with the car parking. I helped people to park, I also wore a hi-vis. The wow event was quite busy. We had the mayor of Newbury come. It was very good to have the mayor with us to talk about other people's work experience. The food was delicious. We had some ex-students there, it was nice to see them and see how far they got with their job.

I went with some staff and students from post 16 to London Paddington on the Elizabeth line from Reading to London Paddington. We stopped at 14 stations on the Elizabeth line which took an hour to stop at all of them. We went for a tour around London Paddington and even went into there office where they keep track at all cameras around the station. All though I was focusing on train spotting all the train class 387 800 802 but I was desperate to see if there was more of the London underground 1992 stock refurbishment, sadly I didn't see any refurbishment.

I went to Newbury college yesterday (7/7/26) for a trial day. We had a picnic for lunch with other students. The staff were helpful and I liked the class. I was with Harry, Harvey and William from Post-16 and it was fun. For my lunch I had a Tuna Sandwich, also I did have some biscuits. I left post-16 at 10:30 to go to Newbury college then I got back about 2:00. I am looking forward to going there.
